

Fire Alarm Testing

It is recommended by the Fire Safety Officer that each tenant should test the alarm in his/her own room(s) on a regular basis in addition to any tests that are carried out by the landlords. It is also expected that the landlords will create a log of all testing. To meet these requirements tenants are each requested to test their alarms on a once per month schedule. A wooden pointer has been supplied for this purpose so that no climbing is necessary.

To facilitate record keeping it will be helpful if tenants complete the table below appropriately. For each test, please insert date and initial the appropriate Bedroom column.

Month	Date	Bedroom 1	Date	Bedroom 2	Date	Bedroom 3	Date	Bedroom 4	Date	Bedroom 5
